Smile Designer & Digital Surgical Planner

Digital dentistry · Graphic design · Video

PROFILE

Smile designer and digital surgical planner with a dental prosthetics background and hands-on clinical experience. I plan implant cases and design surgical guides and smiles from CBCT and intraoral scans, then deliver ready-to-print files remotely to dentists and dental labs. Since 2017 I have also worked in graphic design and video editing, creating the visuals that help clinics present their work.

MAIN CREDENTIAL

Mastership in Digital Dentistry 2025

Digital Dentistry Schoology · Dr. Haitham Sharshar · October 2025

Attended in person: all lectures and hands-on workshops.

3D smile design · exocad · CAD/CAM design · digital occlusion · digital implantology

Certificate ID: cba4a220b414cc4b
